

Rainsaver MK3e

Control only - sold separately

Rainsaver MKIIIe Changeover Device

- Can be purchased separately and fitted to any brand of independently controlled, electronic or pressure switch operated pump.
- Controls pumps to a maximum: 1.5hp, 1.1kW, 240V
- Low voltage float switch output 12V
- Low voltage float switch cable 10 metres
- IP44 rated
- Power lead 2 metres
- Watermark Level 1 certification to AT55200.477:2006

Conversion Kit & All In One Pump Control Packages

Rainsaver MKIIIe Conversion Kit Comprises of: Rainsaver MKIIIe, BIA-SK10AX

- Automatic Pump Controller with Auto Restart, Replaces changeover devices including Davey Rainbank and Onga Waterswitch.
- Suitable for mains and pump flows to 100 litres per minute
- Suitable for mains and pump pressures to 800kPa
- Suitable for pumps to 1.1 kW, 240V
- Plug & Play connection, Low Voltage Float switch for safety
- 2 Year In-Field Warranty (Control Only)

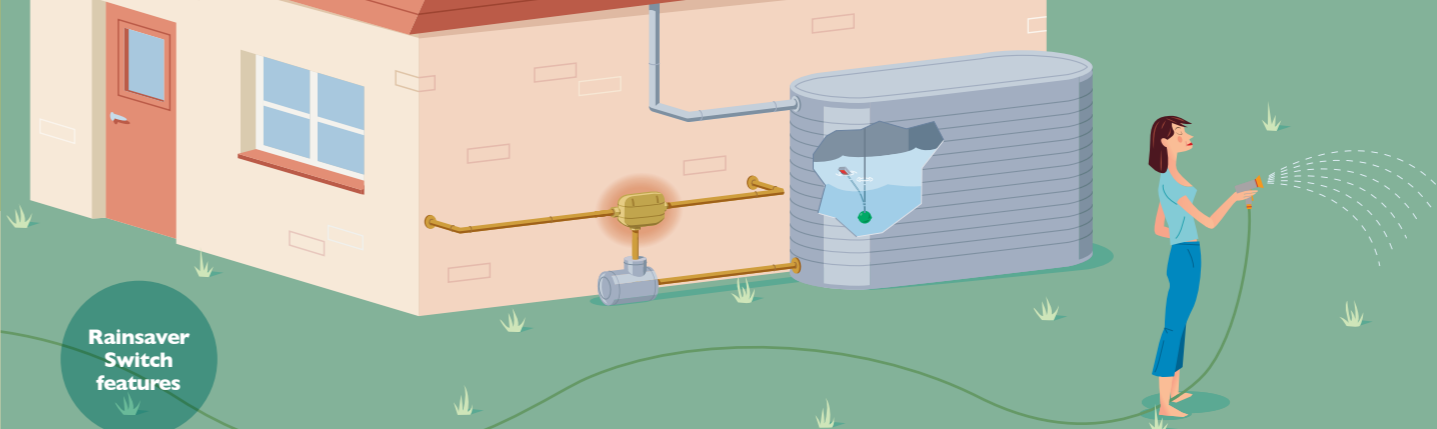

BIA-RS3ESK10A

RS3E-ALLINONE60PC

Rainsaver MKIIIe All-In-One

- Rainsaver MKIIIe Changeover Device, Pump Cover & BIA-INOX60PC
- Stainless Steel Electronic Pump.
- 4 Taps, 320 kPa, 36 lpm.
- Auto Restart

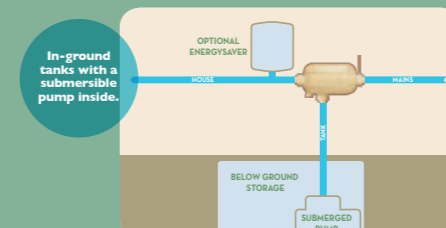

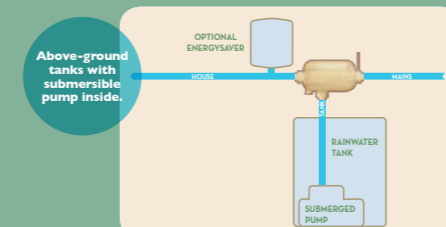

Rainsaver Switch features

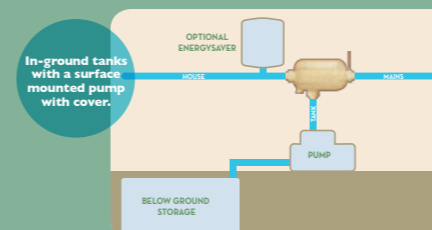

- Designed to operate with pumps up to 800kpa (116psi).
- 100 litres per minute flow.
- Barrel unions and 'Torque Set' safety spanner are included for installation. It's impossible to over tighten.
- Incorporates a 24-hour automatic pump restart.
- Watermark approved for connections to all Town Water supplies. Safe against waterborne bacteria, dezincification and lead poisoning.
- Auxiliary outlet allows for 'energy saver' water storage – pressure vessels to reduce pump starts.
- Peace-of-mind 2 year in-field warranty.
- No unsightly controller power, water level float cables or the need for a dedicated controller.
- Revolutionary 'Mono Channel' design does not restrict flow or reduce pressures, eliminates and possibility of water LEAKS
- Easy to clean, pump and town inlet strainers are included to prevent blockages in dishwashers, washing machines, sprinklers etc.
- Australian owned and designed.
- The pump regulates flow and pressure and protects itself against voltage fluctuations and loss of water.

Typical Installation

No matter what kind of tank you have, the Rainsaver can be mounted any distance from the pump. Plus, it even works underground. These diagrams will give you a good idea of where to place it.

Note: Refer to instruction manual for details.

Available from:

MK3e Surface Mounted Pump Packages

* All pumps include a 10 mtr low voltage 12VDC float switch cable.
Note: All pumps incorporate independent pump control auto restart & loss of prime protection

RS3E-TECH40PC

Rainsaver MKIIIe & BIA-TECH40PC

- Technopolymer Electronic Pump with Auto Restart
- 3 Taps, 270 kPa, 25 lpm

RS3E-INOX60PC

Rainsaver MKIIIe & BIA-INOX60PC

- Stainless Steel Electronic Pump with Auto Restart
- 4 Taps, 320 kPa, 36 lpm

RS3E-MULTI900PC

Rainsaver MKIIIe & BIA-MULTI900PC

- Stainless Steel Multistage Electronic Pump with Auto Restart
- 9 Taps, 352 kPa, 80 lpm

RS3E-JETCOM82MPCX

Rainsaver MKIIIe & DAB-JETCOM82MPCX

- Technopolymer Electronic Pump with Auto Restart
- 6 Taps, 460 kPa, 60 lpm

RS3E-JINOX82MPCX

Rainsaver MKIIIe & DAB-JINOX82MPCX

- Stainless Steel Electronic Pump with Auto Restart
- 6 Taps, 460 kPa, 60 lpm

RS3E-EUROINOX30/50MPCX
RS3E-EUROINOX40/80MPCX

Rainsaver MKIIIe & DAB-EUROINOX30/50MPCX

- Stainless Steel Horizontal Multistage Electronic Pump with Auto Restart
- 8 Taps, 413 kPa, 80 lpm

Rainsaver MKIIIe & DAB-EUROINOX40/80MPCX

- Stainless Steel Horizontal Multistage Electronic Pump with Auto Restart
- 12 Taps, 577 kPa, 120 lpm

The no brainer.

This thing will save water, money and most importantly time.

rainsaver™

The no brainer.

Rainwater Harvesting Systems

Since only 1% of all the water in the entire world is fresh, we can't afford to waste a single drop. Fortunately, with a trusty tank and a rainwater harvesting control system, you can make the most of free rainwater everyday.

The Bianco Rainsaver is a nifty device that automatically switches between tank water and the mains supply. Not only does it help conserve water but it helps conserve energy too because it's easy to install. Plus, there are no electrical moving parts that can break down. Now that's a no brainer.

MK3 Submersible Pump Packages

- Patented Design
- Requires No Power Supply
- Requires No Weather Proofing
- All Pumps Incorporate low level protection

BIA-JH8003P

Rainsaver MKIII & RS3-JH8003PMPKCX

- High Head Submersible Clean Water Pump
- Electronic Pump with Auto Restart, Stainless Steel Cover
- 8 Taps, 295 kPa, 80 l/min, 10m power cable

RS3-DIVER6

RS3-DIVERTRON1200

Rainsaver MKIII, Pump Controller & RS3-DIVER6-700MAPKCX

- High Head Submersible Clean Water Pump
- Automatic Rainwater/Mains Water Changeover Device
- Electronic Pump with Auto Restart, stainless steel cover
- 8 Taps, 340kPa, 80 l/min, 10m power cable

RS3-INOX60PCA

Rainsaver MKIII & BIA-INOX60PCA

- Stainless Steel Electronic Pump with Auto Restart
- 4 Taps, 320 kPa, 36 lpm

RS3-MULTI900PCA

Rainsaver MKIII & BIA-MULTI900PCA

- Stainless Steel Multistage Electronic Pump with Auto Restart
- 9 Taps, 352 kPa, 80 lpm

RS3-EUROINOX30/50MAPKCX
RS3-EUROINOX40/80MAPKCX

Rainsaver MKIII & DAB-EUROINOX30/50MAPKCX

- Stainless Steel Horizontal Multistage Electronic Pump with Auto Restart
- 8 Taps, 413 kPa, 80 lpm

Rainsaver MKIII & DAB-EUROINOX40/80MAPKCX

- Stainless Steel Horizontal Multistage Electronic Pump with Auto Restart
- 12 Taps, 577 kPa, 120 lpm

RS3-JH8003PMPKCXBP

Rainsaver MKIII, Pump Controller & BIA-JH8003PMPKCXBP

- High Head Submersible Clean Water Pump
- Automatic Rainwater/Mains Water Changeover Device and Auto Restart Pump Controller is mounted in a galvanised enclosure with easy access cover.
- 8 Taps, 295 kPa, 80 l/min, 10m power cable

Rainsaver MKIII & DAB DIVERTRON1200

- Multistage technopolymer submersible pump
- Electronic Pump with Auto Restart
- 9 Taps, 470kPa, 95 l/min, 15m power cable

Handy pack for builders

RS3-DIVER6-700MAPKCXBP

Rainsaver Builders Pack RS3-DIVER6-700MAPKCXBP

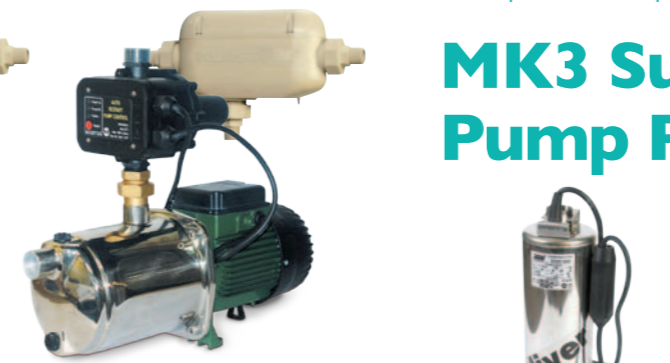

- High Head Submersible Clean Water Pump
- Automatic Rainwater/Mains Water Changeover Device
- Auto Restart Pump Controller is mounted in a galvanised enclosure with easy access cover.
- 8 Taps, 340 kPa, 80 l/min, 15m power cable

RS3-JETCOM82MAPKCX

Rainsaver MKIII & DAB-JETCOM82MAPKCX

- Technopolymer Electronic Pump with Auto Restart
- 6 Taps, 460 kPa, 60 lpm

RS3-JINOX82MAPKCX

Rainsaver MKIII & DAB-JINOX82MAPKCX

- Stainless Steel Electronic Pump with Auto Restart
- 6 Taps, 460 kPa, 60 lpm

RS3-DIVER75MAPKCX

Rainsaver MKIII & TES-DIVER75MAPKCX

- Multistage Stainless Steel Submersible Pump.
- Electronic Pump with Auto Restart.
- 8 Taps. 340kPa, 80 l/min, 10m power cable

MK3 Surface Mounted Pump Packages

- Australian Owned and Designed
- Watermarked Approved
- All pumps are fitted with a 10m low level float kit

Note: All pumps incorporate independent pump control auto restart & loss of prime protection

Accessories

RS3E-10MEXT

10m low voltage float switch extension lead

- Includes Scotchlok joiners to connect to existing float switch

RS3E-FINGER

Mechanical finger float low voltage (side entry) for MKIII

- Includes Scotchlok joiners to connect to existing float switch

RS3E-BLADDERFLOATDC

Electronic Float Switch low voltage for MKIII

- Includes 10m lead and Scotchlok joiners to connect to MKIII

RS3E-BLADDERFLOATAC

Electronic Float Switch for MKIII

- Includes 10m lead and Scotchlok joiners to connect to MKIII
